|--------------------------------|---|-------------------------|---|
| <b>PRODUCT NAME</b>            | <b>Oligovet Super Grazing Heifer</b>  |                         |   |
| <b>PRODUCT CODE</b>            | O079B   |                         |   |
| <b>PRODUCT CATEGORY</b>        | <b>Mineral dietetic feed</b>  |                         |   |
| <b>TARGET ANIMALS</b>          | Young and adult bovine  |                         |   |
| <b>NUTRITIONAL PURPOSE</b>     | <b>Long term supply of grazing animals with trace elements.</b>   |                         |   |
| <b>COMPOSITION</b>             | Rapeseed fat, Magnesium salt of stearic and palmitic acids.   |                         |   |
| <b>ANALYTICAL CONSTITUENTS</b> | Calcium (0.4%), Sodium (0.3%), Magnesium (3.9%), Phosphore (0%).<br>The bolus contains 9.3% inert iron in order to increase its density.  |                         |   |
| <b>ADDITIVES</b>               | <b><u>Oligo-éléments</u></b>  | <b>Teneur<br/>mg/kg</b> | <b>Apports<br/>Journaliers / bolus<br/>(mg)</b> |
|                                | 3b202 Iodine – Calcium iodate   | 10 240                  | 4.6   |
|                                | 3b303 Cobalt – Cobalt (II) carbonate hydroxide<br>(2 :3) monohydrate  | 7 904                   | 3.5   |
|                                | E4 Copper – Copper carbonate  | 68 750                  | 30.6  |
|                                | E5 Manganese – Manganese oxide  | 133 500                 | 59.3  |
|                                | E6 Zinc – Zinc oxide  | 262 500                 | 116.7   |
|                                | E8 Selenium – Sodium selenite   | 4 550                   | 2.0   |
| <b>PERIOD OF ACTION</b>        | 180 days  |                         |   |
| <b>INSTRUCTION OF USE</b>      | For bovine with functional rumen only.<br>Heifer from 200kg to 400kg : 1 bolus.<br>Administer before meal. Handle the bolus with care to avoid any shocks. A bolus that is fractured may have a reduced efficacy after administration. For administration, use a suitable bolus gun (refer to video). |                         |   |
| <b>WEIGHT</b>                  | Bolus de 80g  |                         |   |
| <b>PRIMARY PACKAGING</b>       | Sachet  |                         |   |
|                                | <b>Number of units per primary packaging</b>  | 1 bolus                 |   |
| <b>SECONDARY PACKAGING</b>     | Case  |                         |   |
|                                | <b>Number of units per secondary packaging</b>  | 20                      |   |
| <b>TERTIARY PACKAGING</b>      | Box   |                         |   |
|                                | <b>Number of units per tertiary packaging</b>   | 8                       |   |

|                   |                                      |                            |
